**REQUEST FOR CORRECTION OF FILING DATE  
AND CORRECTED FILING RECEIPT**

Dear Sir:

Applicant hereby requests the Commissioner For Patents to correct the Official Filing Date and to correct the Official Filing Receipt for the above-identified patent application as follows:

- 1. Correct the Filing Date
- 2. Correct Inventor Name
- 3. Correct Title
- 4. Correct information referencing related case
- 5. Correct Attorney Docket Number
- 6. Other: \_\_\_\_\_

Attorney Docket No.: SENS.007US1

Application No.: 10/619,731

This Request is submitted for the following reasons:

The application has been assigned an incorrect Filing Date. The Filing Date should be July 15, 2003. The Official Filing Receipt presently reflects the Filing Date as July 14, 2003.

Because this was not an error on the part of the Applicant, Applicant believes no fee is required.

Attached is a copy of the Filing Receipt having the above error and the change noted thereon, as well as a copy of the Application Transmittal Letter, Express Mail Receipt and return receipt postcard, all of which show that the application was filed on July 15, 2003. Therefore, it is respectfully requested that the Filing Date be corrected and a corrected Filing Receipt be issued.

If this action does not lead to issuance of a corrected Official Filing Receipt as requested, please contact the undersigned at (415) 318-1160.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
